RBM Flip and Fold

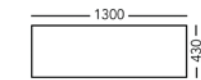

RBM Flip and Fold

Every art gallery, airport, reception area and waiting room should have this beautiful furniture. A versatile and module-based system that creates happy shapes and sitting surfaces at different levels. The module flips and folds and can be connected to change functionality and expression. Up and down becomes front and back. Three different seating heights. Padded material in five different moulds with leg positions in three heights.

Design: Bare Møbler, Ørjan Djønné, Marius Sveen

- The system consists of a total of five modules (45° right and left, 90° right and left, and a straight module)
- Legs in three heights: 263 mm, 493 mm and 723 mm. Available in chrome, white and black colour
- Modules are linked by the legs
- The system can be assembled and changed around as desired
- Available with fixtures for mounting to floor
- The straight module can be used individually. All other combinations require at least two modules
- Due to its unique shapes and angles, Flip and Fold requires fabrics with sufficient stretch and flexibility. See RBM pricelist for fabrics available
