

ALPHA LEG SYSTEM

THE LEG

QUALITY, DESIGN & VERSATILITY

The Alpha series by AWM brings creativity and design to the workspace with its juxtaposition of the soft character of wood and industrial steel.

Made from a steel top frame that can be powder coated to your colour of choice with solid timber inserts that can be stained. Or complete the leg in powder coated steel allowing customisation with almost endless options.

The Alpha legs can be used with our

Monorail System.

F5/F6 System.

Customised tops.
