

PINNACLE HEIGHT ADJUST

WORKSTATION ● PINNACLE

ACCESSORIES

Accessories can be tailored to suit the needs of each office. Both functional and aesthetic, the Pinnacle offers a wide variety of accessories.

HANDSET

Pinnacle come with a user friendly handset that allows for easy adjustment and storing of up to 4 desk heights. Minimum and maximum heights can also be customized.

HEIGHT RANGE: 595MM TO 1200MM

WEIGHT CAPABILITY: 120KG (INCLUDING TOP)

STANDARD COLOURS: BLACK AND WHITE

NOISE LEVEL: LOW (LESS THAN 45DB)

ANTI-COLLISION SENSOR: BOTH UP AND DOWN

WORKPOINTS: 1200 - 2000MM

WARRANTY: 10 YEARS

CONFIGURATIONS

The Pinnacle is able to be configured in both back to back and single sided but also 90° and 120°.

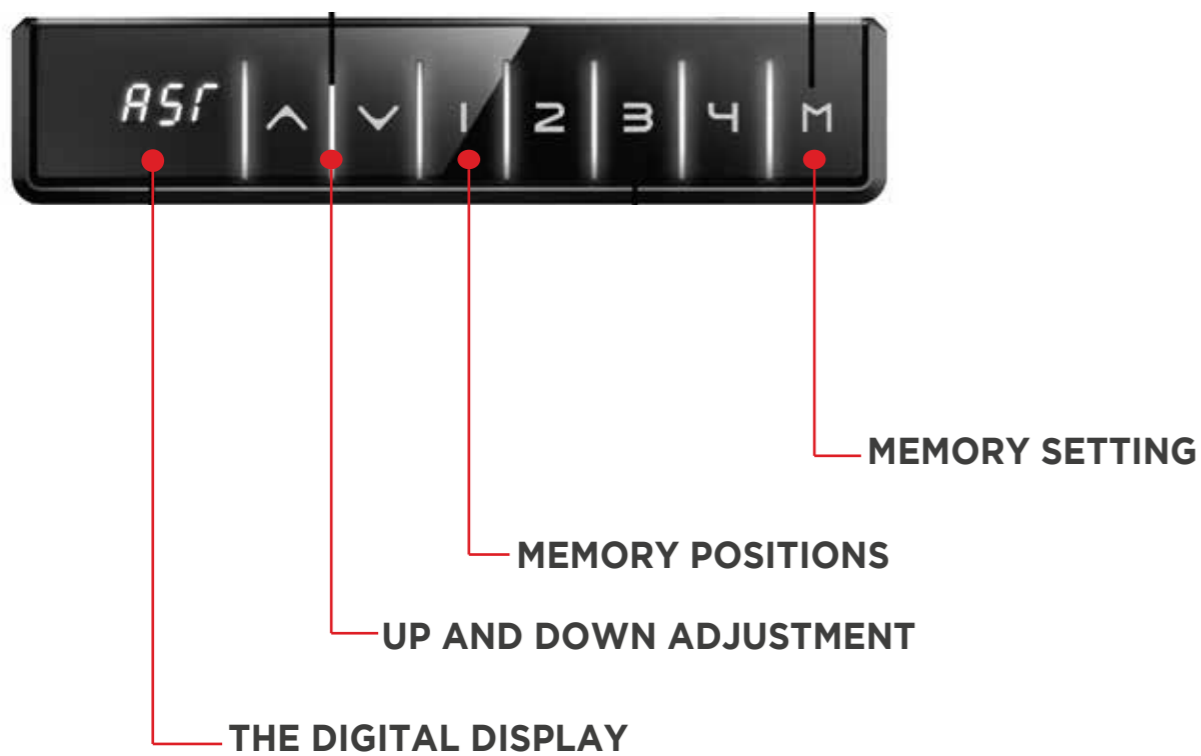

HEIGHT ADJUSTMENT

With people spending an increasing amount of time sitting at their desks more people are turning towards height adjustable desks. They allow for the user to choose when and for how long they want to work while standing.

PINNACLE HEIGHT ADJUST

HANDSET • USER AND INTERFACE GUIDE

THE INTERFACE

RESET

1. Press the down arrow to lower the desk to the minimum height.
2. Continue to press until the digital display shows "ASR".
3. Release the button and then press the down arrow again. The leg column should go slightly down and then slightly rise and stop.
4. The digital display should now show the actual height.

SETTING DESK HEIGHT

1. Adjust to the desired desk height and then press the "M" button.

2. Press button "1 / 2 / 3 / 4" to assign the desk's position to the respective button.
3. Pressing a button "1 / 2 / 3 / 4" will move the desk to the memory position.
