600 foot

800 foot

**i.am™** is a totally flexible and versatile table base that provides a complete family of product options for the commercial environment.

**i.am™** can accommodate desks and tables with a variety of top-widths and to an infinite length. By adding frame spacers, legs and feet, the possibilities with **i.am™** are endless.

**i.am™** is aware of the responsibility for recycling. **i.am™** has been designed to be environmentally friendly and is manufactured using recyclable materials including steel, aluminium and polypropylene. **i.am™** is easily disassembled for the recycling process.

i.am™ a rectangular table (shown as 2400mm x 1200mm)

### **fuel™ 98**

**fuel™** by Thinking Ergonomix is designed to complement **i.am™** by providing users with a fully integrated cable management system. **fuel™** fits easily and securely into the worktop with power access via a lid that can be hinged on either side of the box to allow for access from both sides of the table. This 'ready to go' power solution can be connected to a floor, wall or ceiling power source, and is available in four models to suit different work environments from folding tables and workstations up to larger conference and meeting tables.

i.am™ a multi-leg round table (shown as 2000mm Ø)

optional mesh modesty

**i.am™** is offered as a tilt-top stacking option for desks that require movement. Suitable for hot-desking, breakout areas and offices that require constant change, **i.am™** can quickly and easily be tilted, moved and stored with a 'one action' bar handle discreetly located under the table.

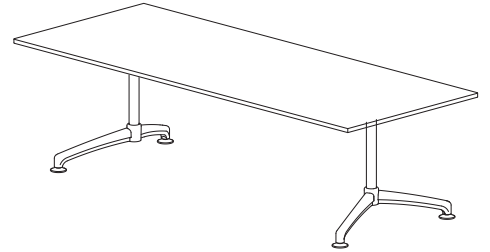

i.am™ a turn table (shown as 1500mm x 700mm)

**i.am™** will accommodate circular and oval table tops using matching components that are used for desks and tables. This allows for uniformity throughout the work environment and complete flexibility of design.

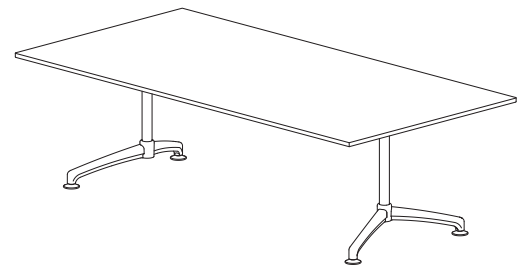

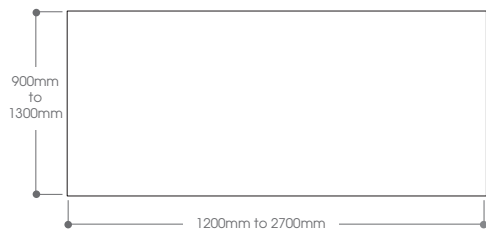

i.am™ a four star table (shown as 1300mm Ø)
