

NEW CAMPFIRE BIG LAMP COLORS

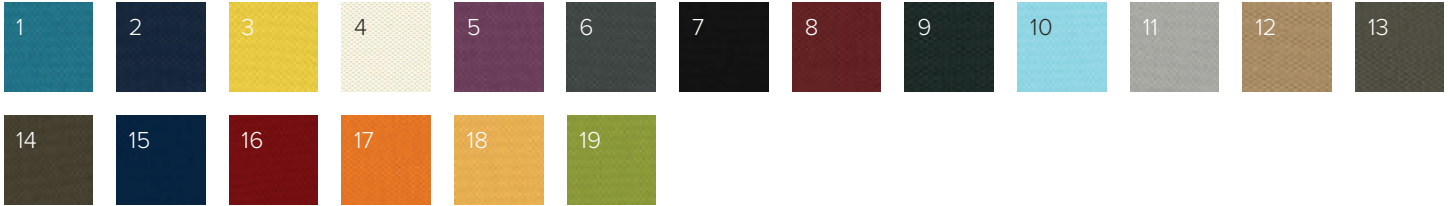

Perfect for defining spaces, wayfinding and branding, turnstone Campfire Big Lamp makes the office a brighter, more colorful place to work.

Inspired by outdoor umbrellas that shelter gathering spaces, the Campfire Big Lamp has been defining indoor spaces for years. This spring, turnstone is thrilled to announce a new way of defining those spaces: with color! Our expanded palette for Big Lamp includes Perfect Match

paint and the addition of all Cogent:Connect fabrics. Now, you can use Big Lamp to signal both collaboration and focus zones, creating a natural complement to ancillary spaces in the workplace and educational settings.
