

# EVERY BIVI TELLS A STORY

One of artistic freedom. One of determination and individuality.  
One of authenticity and focus.

These stories matter, because the workplace begs for more  
than beige.

It demands a framework to express personality. It clamors for room  
to collaborate, ideate and innovate. It aches for spaces to rejuvenate,  
to engage deeply — to thrive.

Bivi reminds us that all is possible, and that the office writes its own  
story. It's invited to blur the lines between work and home with bold  
brush strokes and inspired, honest design.

**So don't just rock the boat.**

**Step out of the sea of sameness.**

**Step into Bivi.**

## SUSTAINABILITY

At its heart, sustainability at Steelcase is about people. It's about creating and supporting the economic, environmental and social conditions that allow people and communities to reach their full potential.

Research and insights direct our path. It's not only about creating goods, it's about living our values. It's not just about reducing our footprint, it's about expanding our reach. It's about creating lasting and meaningful change to enable the long-term wellbeing of current and future generations.

Innovative products and solutions result. In the development of our products, we work to consider each stage of the life cycle: from materials extraction, production, transport, use and reuse, until the end of its life. We demonstrate performance through third-party verified certifications and voluntary product declarations.

Steelcase's sustainability promises, actions, and results are communicated in an annual Corporate Sustainability Report.
