

TOOL
Table
By Studio Irvine

FACTS

OFFECCT

PRODUCT INFORMATION

Tool is a versatile table for the digital age in which people have been freed from their work desks, a table that can easily connect to any type of furniture or person no matter the situation.

"I always knew when James had fallen asleep by the thud of the telephone landing on the floor. Every night the same story. He would have liked an extendable bedside table on which to put his phone, glasses or book. When watching a film stretched out on the sofa, we never wanted to get up to eat. We would have liked two height adjustable table-trays for a plate and glass and the remote. When in our studio, we often need an extension for our conference table: a support top to put a cup of coffee on or do sketches on, that would adapt to the height of one's chair. And that's how James came up with the idea of a table that would come to your aid at different moments of everyday life", explains Marialaura Rossiello Irvine / Studio Irvine.

TECHNICAL INFORMATION

Tabletop, stand and base in white lacquered metal.

NCS N0500N

DETAIL

The table is height adjustable from 550 mm - 720 mm.
