

# ZIP

## ZIP

A very clever and well-engineered chair, ZIP combines both a table and a chair into one, saving space and money. ZIP is ideal for training facilities where a durable and comfortable, space saving, mobile chair is required.

With 4 durable castors that are suitable for carpet or hard floor surfaces, ZIP offers mobility and stability. ZIP is a great space saver and can be quickly nested into rows when not in use. The slotted PP backrest design allows the air to flow through, creating a comfortable environment for long training sessions with the added benefit of durability.

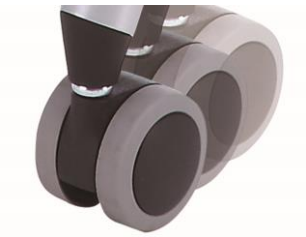

ZIP is available with the seat covered in fabric, vinyl or leather to your selection.
