# ABOUT US

---

**gohome** is a forward-thinking Australian design brand that mirrors Australia's relaxed lifestyle by creating quality, design-led and affordable products, with world-wide appeal.

Our Australian design team design award-winning products, that are as functional as they are innovative, and believe that honest, Australian design should be available to everyone!

We believe our products have their own unique identity, which has some of the relaxed DNA of the Australian lifestyle woven through fluid curves, use of natural materials and subtle hints of colour. Our designs break new ground by pushing the boundaries of each material used and their manufacturing constraints to develop hardy, timeless product that won't end up in landfill.

We design, manufacture and distribute our products to enliven residential, educational, hospitality and commercial environments.

# DESIGNER

---

**Marcel Sigel**  
Designer

Born in Perth, Australia, Marcel moved to Melbourne in 2004 to set up the multidisciplinary 'zuii' design studio, quickly gaining recognition, he received numerous awards including Wallpaper magazines 'Best Young Designer'. Marcel then moved and worked abroad in Milan and London for both Artek design studio, and Tom Dixon. In 2013 he relocated to Sydney and began designing for gohome, firstly with the release of the Plateau Table range.

# GRILLE

Bringing the outdoors-inside was the DNA for the development of the Grille collection. Symbolizing relaxation and enjoyment through the referencing of Australian's well known love of eating outdoors primarily using one's barbeque grille. The range encapsulates stackable chairs, a counter and bar stool and a series of tables, with the idea that a curvaceous form can cross boundaries between a harsh environment into a warm environment.

**Design by Marcel Sigel**

# GRILLE CHAIR

The Grille chair utilises innovative 3D bending tube technology and an open mesh seat and back rest, to ensure a superior comfort level as well as a timeless aesthetic. Anti-corrosion electrophoretic and powder coated surfaces for protection in the harshest environments. Stackable to 4 chairs. (Optional seat pad).

**Colours:**

Matt Black | Matt White |  
Reseda Green | Stone Grey

**Seat pad option:**

Black | Grey
