gohome

ABOUT US

gohome is a forward-thinking Australian design brand that mirrors Australia's relaxed lifestyle by creating quality, design-led and affordable products, with world-wide appeal.

Our Australian design team design award-winning products, that are as functional as they are innovative, and believe that honest, Australian design should be available to everyone!

We believe our products have their own unique identity, which has some of the relaxed DNA of the Australian lifestyle woven through fluid curves, use of natural materials and subtle hints of colour. Our designs break new ground by pushing the boundaries of each material used and their manufacturing constraints to develop hardy, timeless product that won't end up in landfill.

We design, manufacture and distribute our products to enliven residential, educational, hospitality and commercial environments.

DESIGNER

Marcel Sigel
Designer

Born in Perth, Australia, Marcel moved to Melbourne in 2004 to set up the multidisciplinary 'zuii' design studio, quickly gaining recognition, he received numerous awards including Wallpaper magazines 'Best Young Designer'. Marcel then moved and worked abroad in Milan and London for both Artek design studio, and Tom Dixon. In 2013 he relocated to Sydney and began designing for gohome, firstly with the release of the Plateau Table range.

PLATEAU

The Plateau table collection was designed to provide a large unhindered multi-use surface. Designed initially for commercial, activity based work situations, the Plateau tables are equally at home in any residential environment. The leg configuration, being perpendicular to the long edge (and hence taking up less room) are angled from the table centre outwards thus providing more space underneath. The Plateau legs and beams are made from solid American Oak with an American Oak veneer table top, providing a robust surface.

Design by Marcel Sigel

[2400 x 1200mm table shown]

PLATEAU RECTANGULAR

Three sizes of rectangular Plateau tables make for efficient spatial use.

The 2000 x 1000 and 2400 x 1000 sizes both incorporate a central solid wood support beam, whilst the 2400 x 1200 utilise two offset solid wood support beams that also provide space for power stations to be retro fitted. Felt floor protection pads are affixed to the table legs.

Colours:

Black | Natural Oak

3 Sizes:

2400 x 1200mm

2400 x 1000mm

2000 x 1000mm

[See page5 for product specs]

PLATEAU ROUND 900Ø

A perfect sized table for four people to work or dine. A solid surface and base to compliment any environment. Felt floor protection pads are affixed to the table legs

Colours:

Black | Natural Oak

[See page 5 for product specs]

PLATEAU ROUND 1200Ø

A larger sized table for six people to work or dine. A 3-part solid wood beam system for extra support also provide space for power stations to be retro fitted. Felt floor protection pads are affixed to the table legs

Colours:

Black | Natural Oak
