

LINEAR BEAM

Linear 'Alta' Beam

Linear Beam is a super comfortable and great looking configurable beam system. Ideal for public waiting rooms such as medical centres, lecture theatres, hospitals, convention centres and airports. High taper splayed legs allow for easy cleaning of floors.

Available in 2, 3, 4 or 5 seater modules, Linear Beam is very adaptable and will be the solution to almost any layout design. Linear Beam is available with or without armrests, tables plus an optional floor fixing system and can be covered in fabric, vinyl or leather to your selection.
