club lounge

by gohome

Club 2.5 Seater Lounger - available with or without privacy screen

Club Single Seater Lounger, with or without privacy screen

Club 3 Seater Lounger - available with or without privacy screen

A sofa system that's adaptable, comfortable and versatile. Something you can work in, chat in, relax in.

Ben McCarthy - Australian Designer

The Club Collection

Designed by Ben McCarthy for Gohome

The Club Lounging Collection, a spectacular release of Australian designed and crafted Lounges, Ottomans and Tables represents a sophisticated new development for Australian furniture design studio and manufacturer – Gohome.

The collection includes single, 2.5, and 3 seater lounges, with optional privacy screens, a range of pill shaped ottomans and an all-wood laptop/side table.

The simple geometry of both the curved armrest/ backrest and the seat is elevated on solid wood legs, providing a strong presence in any environment.

The collection is designed by award-winning designer, Ben McCarthy, in collaboration with the team at Gohome, for use both in commercial and residential environments.

Club Ottomon - various options available

The Club Laptop and Side Table is a utilitarian design to provide functionality of use and a classy, yet simple aesthetic. Constructed from solid wood and providing a stable platform to work from.

The Club Table is available in 3 FSC certified wood species/finishes – Natural American Oak, Walnut and Black stained Oak.

Club side table

The forms offer a bold and contemporary expression of Aussie design which I feel is characterised by confident shapes, in strong colours and with a confident optimism.
