

WAFFLE UPLIT

Create a unique shape and color blend to suit any environment. The colorful disc-shaped acoustic pendants can are ideal for modern, collaborative spaces. Combining both a suspended acoustic baffle and a soft upward LED light to highlight a space, the hard-working acoustic discs offer highly effective sound absorption and illumination. Mix and match by design with the choice of the segmented Orange or flat-surfaced Donut patterns.

Available in three sizes, two patterns and more than 50 exterior wool colors, Waffle Discs are a logical way to put sound on the agenda in any open space. Offered with an outer wool cover in an exciting mix of solids and melanges across the full-color spectrum, the pendant is crafted from textural and vibrant quality wool fabrics that are sustainably made, rapidly renewable and biodegradable.
