

Framery Smart pods Cleaning Guide

1. Exteriors

Wipe metal body covers using a mildly alkaline all-purpose detergent for cleaning.

2. Glasses

Clean the glasses with standard glass cleaning solution.

3. Ventilation Shafts

Vacuum clean the ventilation shaft in Framery One. In Framery One Compact, Framery Four and Framery Six vacuum clean lightly the lighting grills (the ventilation shaft is behind them).

4. Fabrics (Stools & Sofas) Carpets

Vacuum clean the interiors.

We use wool in our fabrics. Wool is naturally resistant to dirt.

For woollen textiles we recommended dry cleaning or professional cleaning.

Alcohol-based disinfectants can be used without damaging the textiles or changing its colour. Concentration should be between 70-85%.

Avoid chlorine-based and bleach cleanable solutions.

We do not recommend washing woollen textiles.

5. Frames, Tables and Door handles

Use a mildly alkaline all-purpose detergent for cleaning.

Alcohol-based disinfectants can also be used.

In extreme circumstances, a 1% chlorine-based solution may be used for table tops.

Apply a small amount of the solution to a cloth and wipe the surface gently. Avoid rubbing, as it might lead to discoloration.
